

Gestor bibliográfico Zotero

Guía de Instalación y uso

¿Qué es Zotero?

Zotero es un **gestor de referencias bibliográficas libre, abierto y gratuito, desarrollado por el Center for History and New Media de la George Mason University**. Su nombre proviene de la palabra albanesa zotëroj (pronunciado zoh-TAIR-oh), que significa "dominar o adquirir una habilidad en el aprendizaje".

Zotero se compone **de una aplicación de escritorio**, disponible para Mac, Windows y Linux, que permite gestionar nuestras referencias, y de **un conector para los navegadores** Chrome, Firefox y Safari, que detecta y captura automáticamente todo tipo de información bibliográfica en la web.

También es posible **utilizar Zotero como aplicación en la nube**, creándonos una cuenta en [Zotero.org](https://www.zotero.org). Si sincronizamos nuestro Zotero de escritorio con nuestra cuenta en la web, podremos acceder a nuestras referencias bibliográficas desde cualquier ordenador.

Al mismo tiempo, es posible compartir un texto escribiéndolo entre varias personas en su Drive de Google.

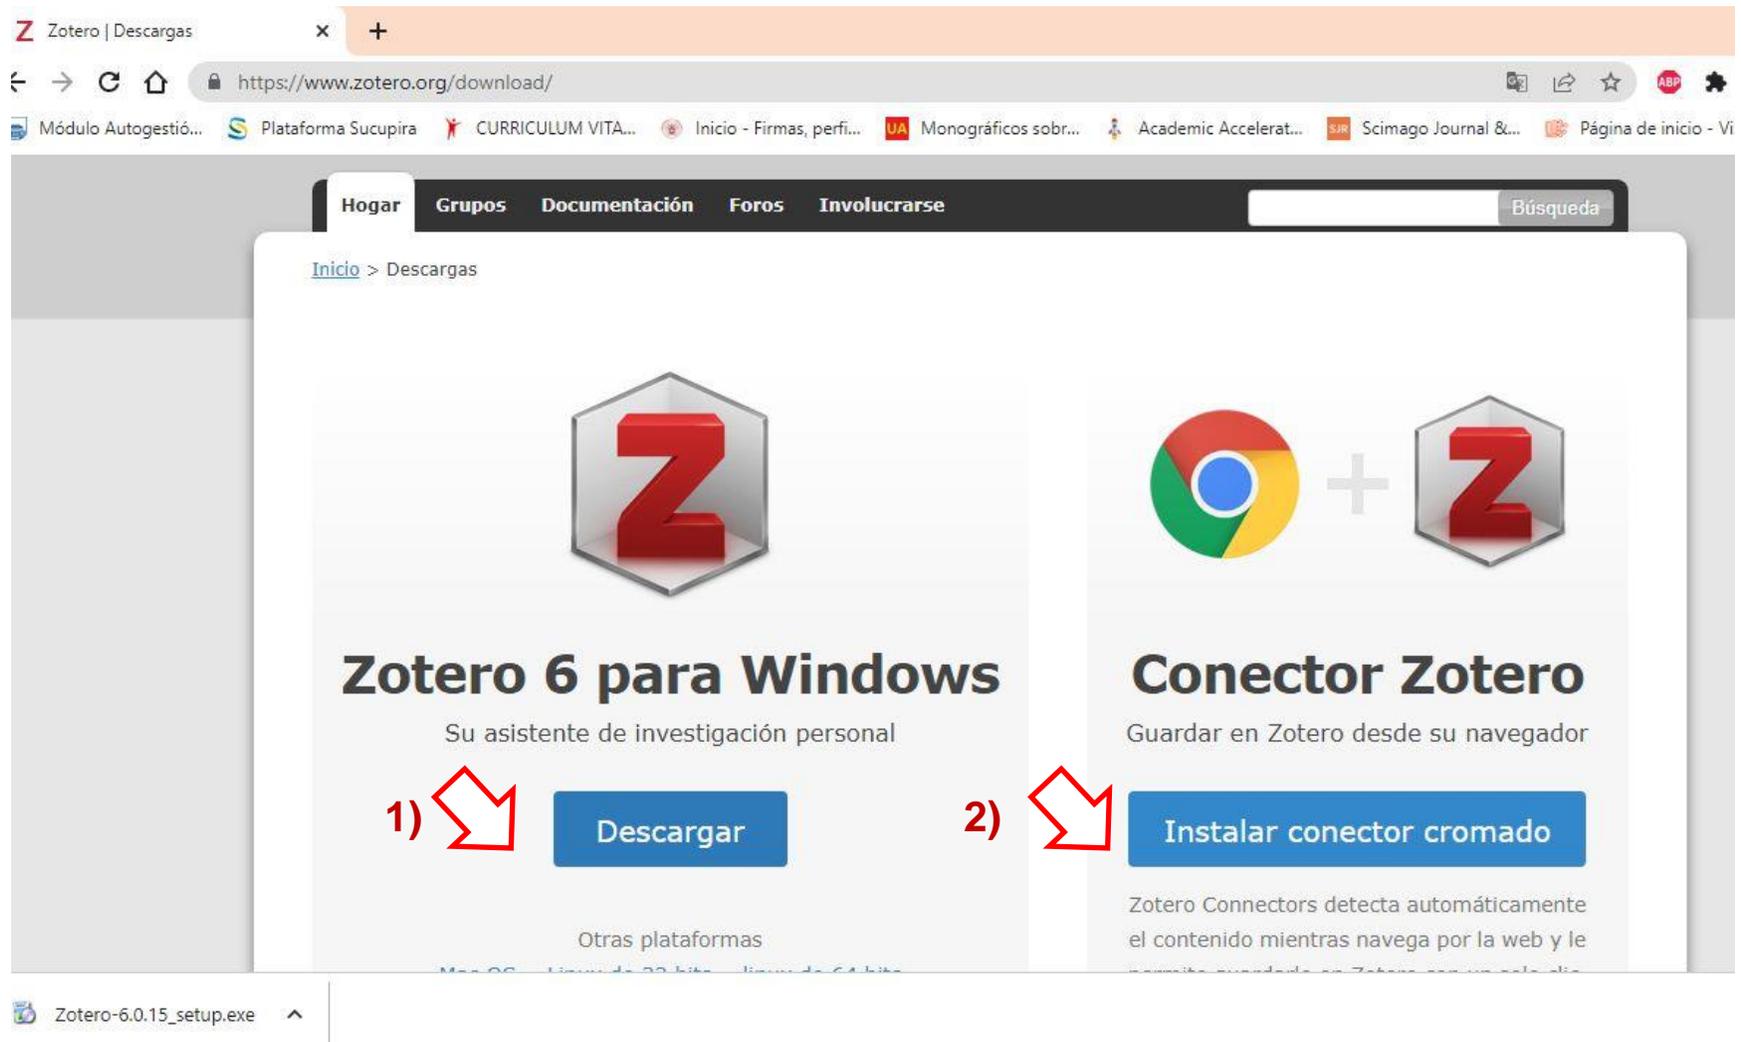

<https://www.zotero.org>

The image shows the Zotero website's landing page and a screenshot of the application interface. The website features the Zotero logo, navigation links for Groups, Documentation, Forums, Get Involved, Log In, and Upgrade Storage. The main message is "Your personal research assistant" with a sub-message: "Zotero is a free, easy-to-use tool to help you collect, organize, cite, and share research." A prominent red "Download" button is centered, with a mouse cursor pointing to it. Below the button, it states "Available for Mac, Windows, and Linux" and "New: Just need to create a quick bibliography? Try ZoteroRIB." The background is dark with various colorful icons representing research and library functions.

The screenshot of the Zotero application shows a sidebar with a "My Library" tree containing folders like "Book Reviews", "Colonial Medicine", "Dissertation", "Science and Empire", and "Teaching". The main pane displays a list of items with columns for Title, Creator, and Year. The right pane shows details for a selected item, including "Item Type: Journal Article", "Title: Circulation of Medicine in the Early Modern Atlantic World", and authors "Cook, Harold J." and "Walker, Timothy D.".

Title	Creator	Year
Guerre, maladie, empire. Les services de santé militaires en ...	Zeugg	2016
Officiers de santé et soignantes créoles face à la fièvre jaune	Nobi	2016
The Emergence of Tropical Medicine in France	Osborne	2014
Colonial Disease, Translation, and Enlightenment: Franco-Brit...	Charters	2014
Trading in Drugs through Philadelphia in the Eighteenth Centu...	Wilson	2013
The Medicines Trade in the Portuguese Atlantic World: Acquisi...	Walker	2013

Instalación de Zotero: <https://www.zotero.org/download/>

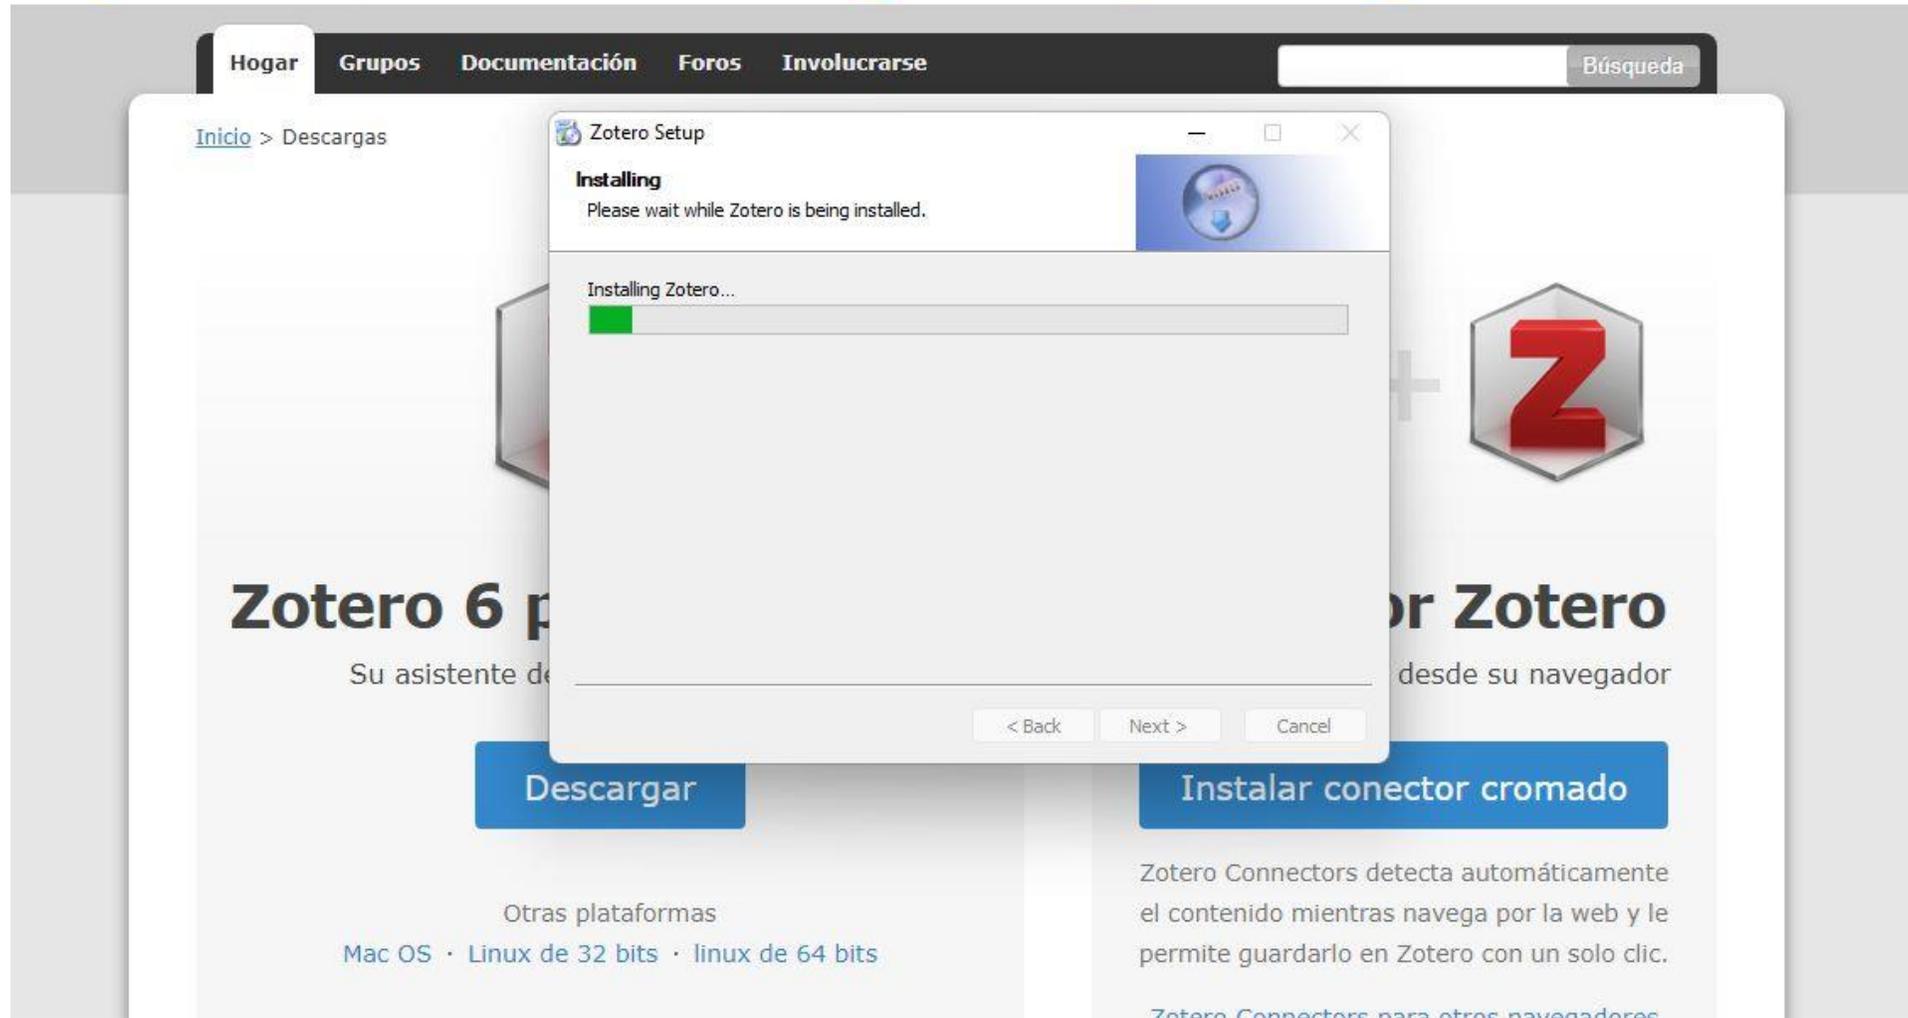

The screenshot shows the Zotero website's download page. The browser's address bar displays <https://www.zotero.org/download/>. The page features a navigation menu with options: Hogar, Grupos, Documentación, Foros, and Involucrarse. Below the navigation, there are two main download options:

- Zotero 6 para Windows**: Su asistente de investigación personal. A red arrow labeled "1)" points to the **Descargar** button.
- Conector Zotero**: Guardar en Zotero desde su navegador. A red arrow labeled "2)" points to the **Instalar conector cromado** button.

At the bottom of the browser window, a taskbar shows the file `Zotero-6.0.15_setup.exe` has been downloaded.

Seguir los pasos de Instalación de Zotero

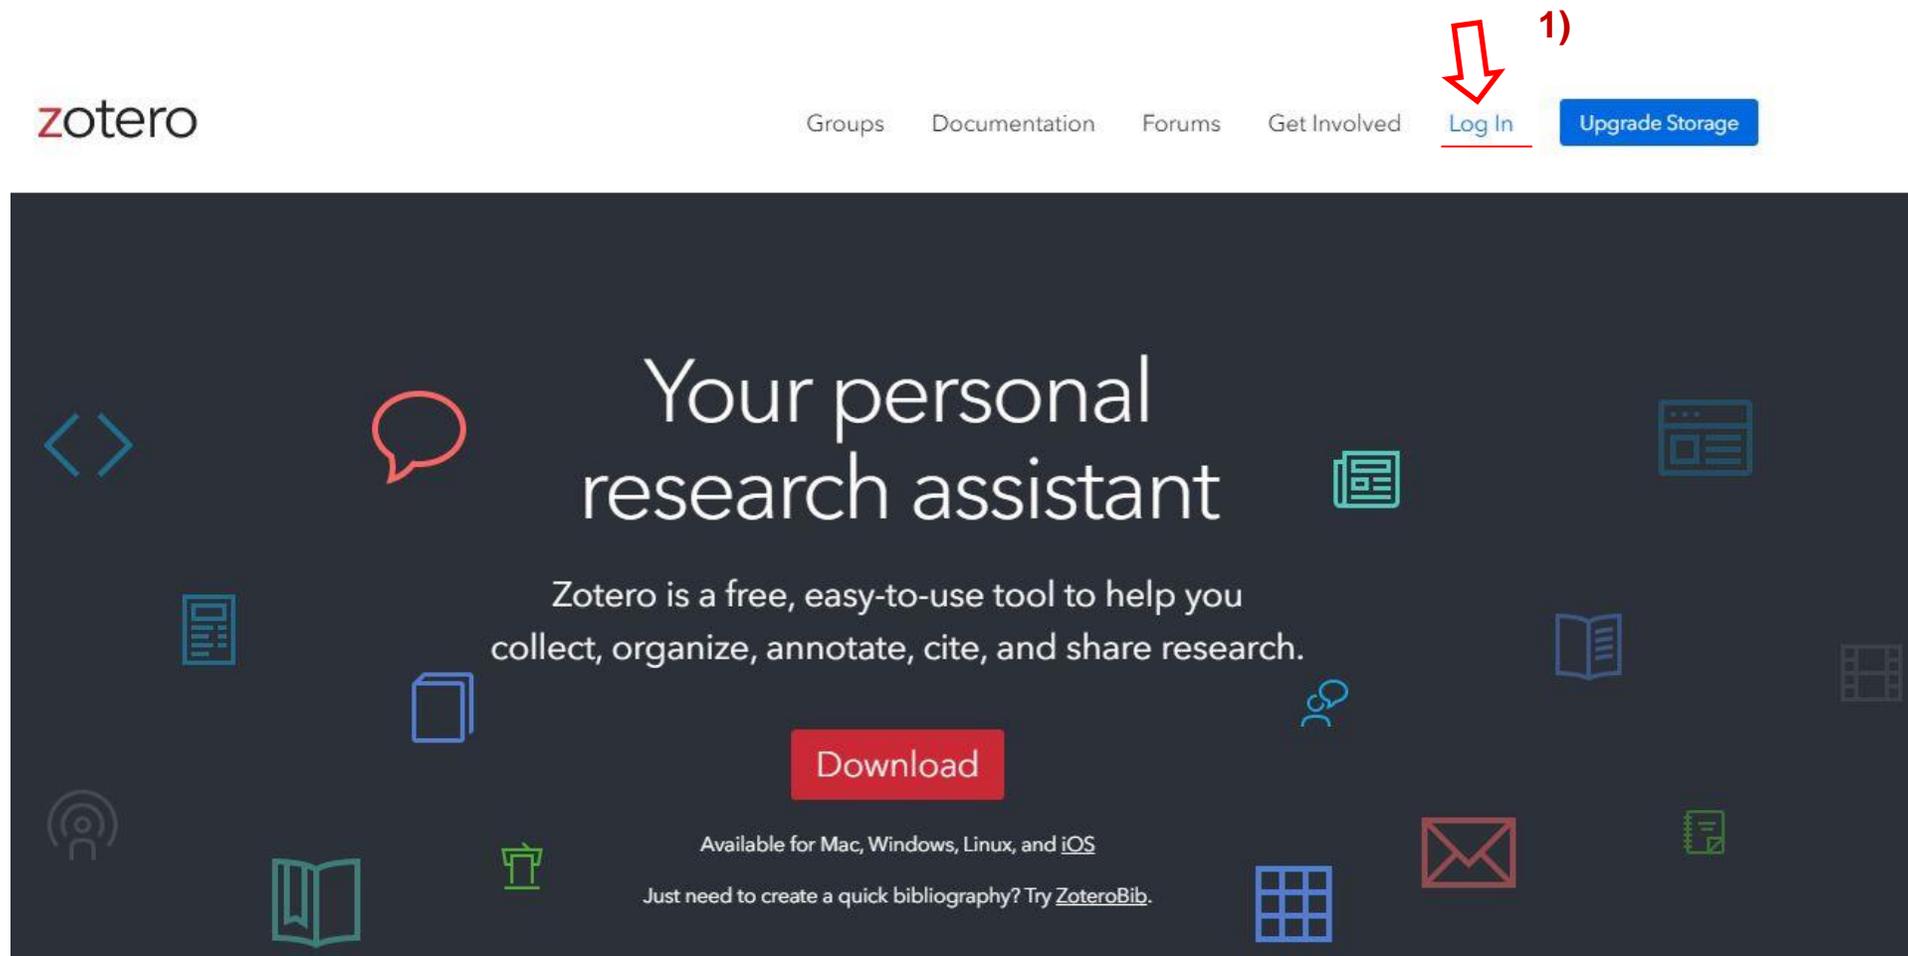

The image shows a screenshot of the Zotero website with an installation progress window overlaid. The website header includes navigation links: [Hogar](#), [Grupos](#), [Documentación](#), [Foros](#), and [Involucrarse](#), along with a search bar labeled [Búsqueda](#). The main content area features the text "Zotero 6 p" and "Su asistente de" on the left, and "or Zotero" and "desde su navegador" on the right. A large red "Z" logo is visible. Two blue buttons are present: "Descargar" and "Instalar conector cromado". Below the "Descargar" button, it lists "Otras plataformas" and "Mac OS · Linux de 32 bits · linux de 64 bits". Below the "Instalar conector cromado" button, it states "Zotero Connectors detecta automáticamente el contenido mientras navega por la web y le permite guardarlo en Zotero con un solo clic." and "Zotero Connectors para otros navegadores".

The overlaid window is titled "Zotero Setup" and shows the "Installing" phase. It contains the text "Please wait while Zotero is being installed." and a progress bar labeled "Installing Zotero..." which is partially filled with green. At the bottom of the window are buttons for "< Back", "Next >", and "Cancel".

Al finalizar la instalación veremos el ícono en escritorio:

Crear usuario en Versión Web de Zotero

The image shows the top navigation bar of the Zotero website. The 'zotero' logo is on the left. The navigation menu includes 'Groups', 'Documentation', 'Forums', 'Get Involved', 'Log In', and 'Upgrade Storage'. A red arrow points to the 'Log In' link, which is underlined. A '1)' is written above the arrow.

By using Zotero, you agree to its [Terms of Service](#).

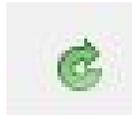

Crear usuario en Versión Web de Zotero

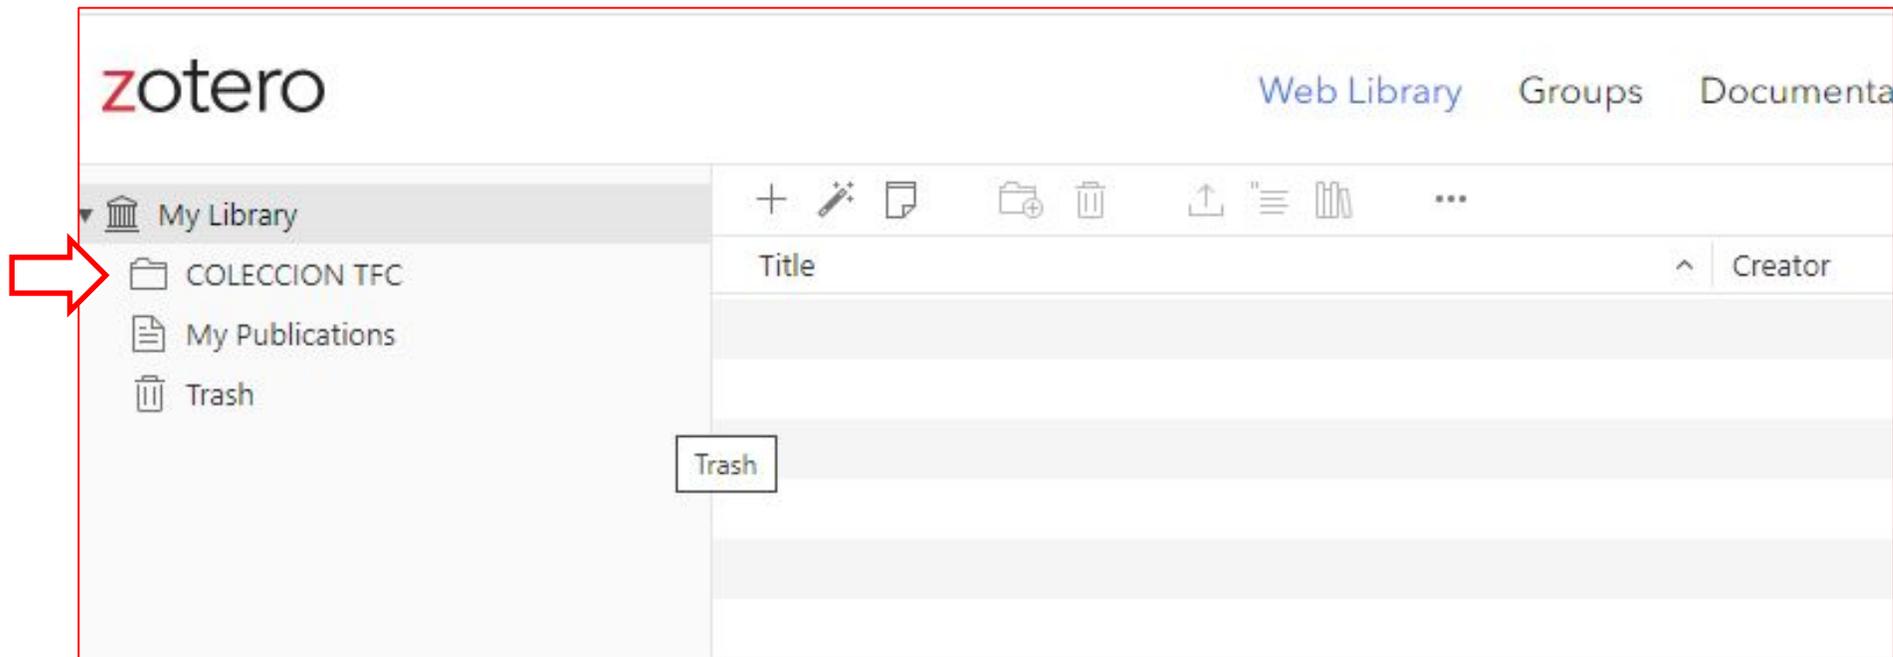

Seguir los pasos de Instalación de conector Web de Zotero

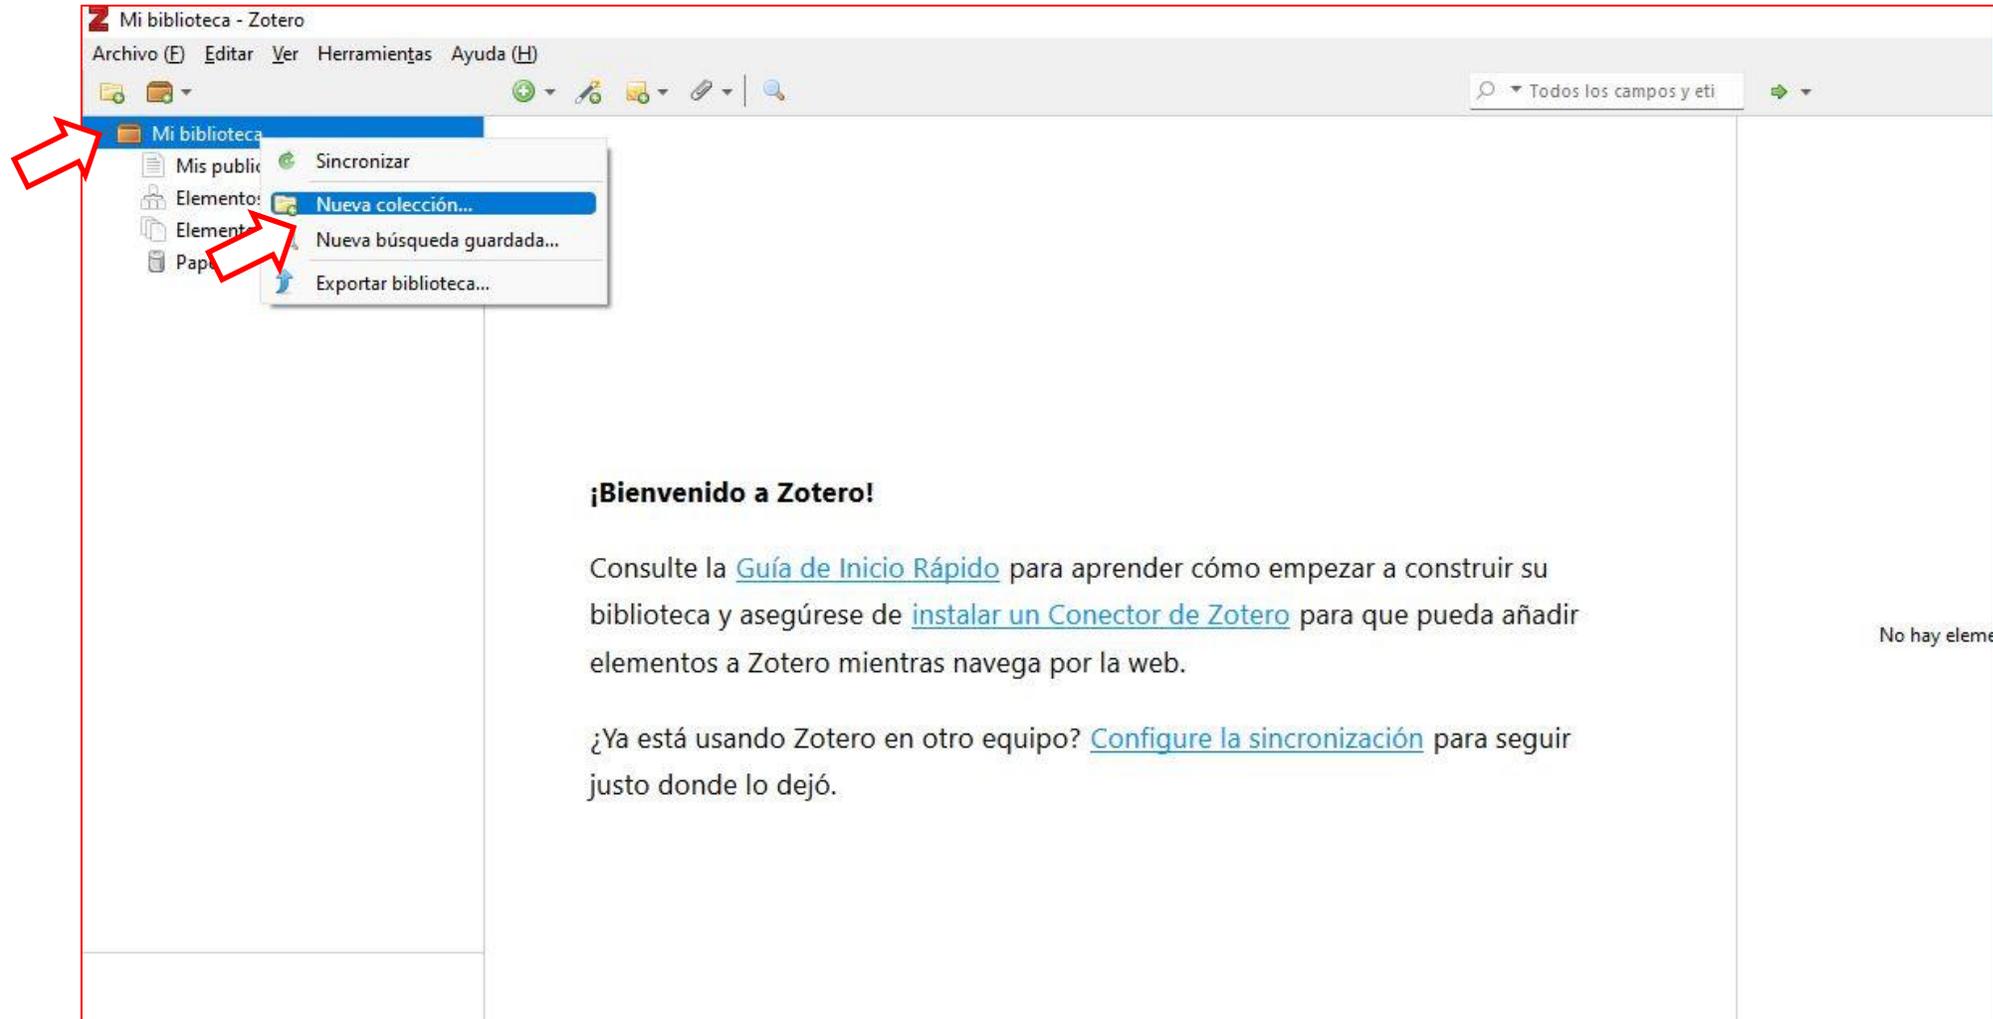

Permite que al navegar por Internet se identifiquen metadatos (datos sobre los datos), y puedan ser enviados a Zotero

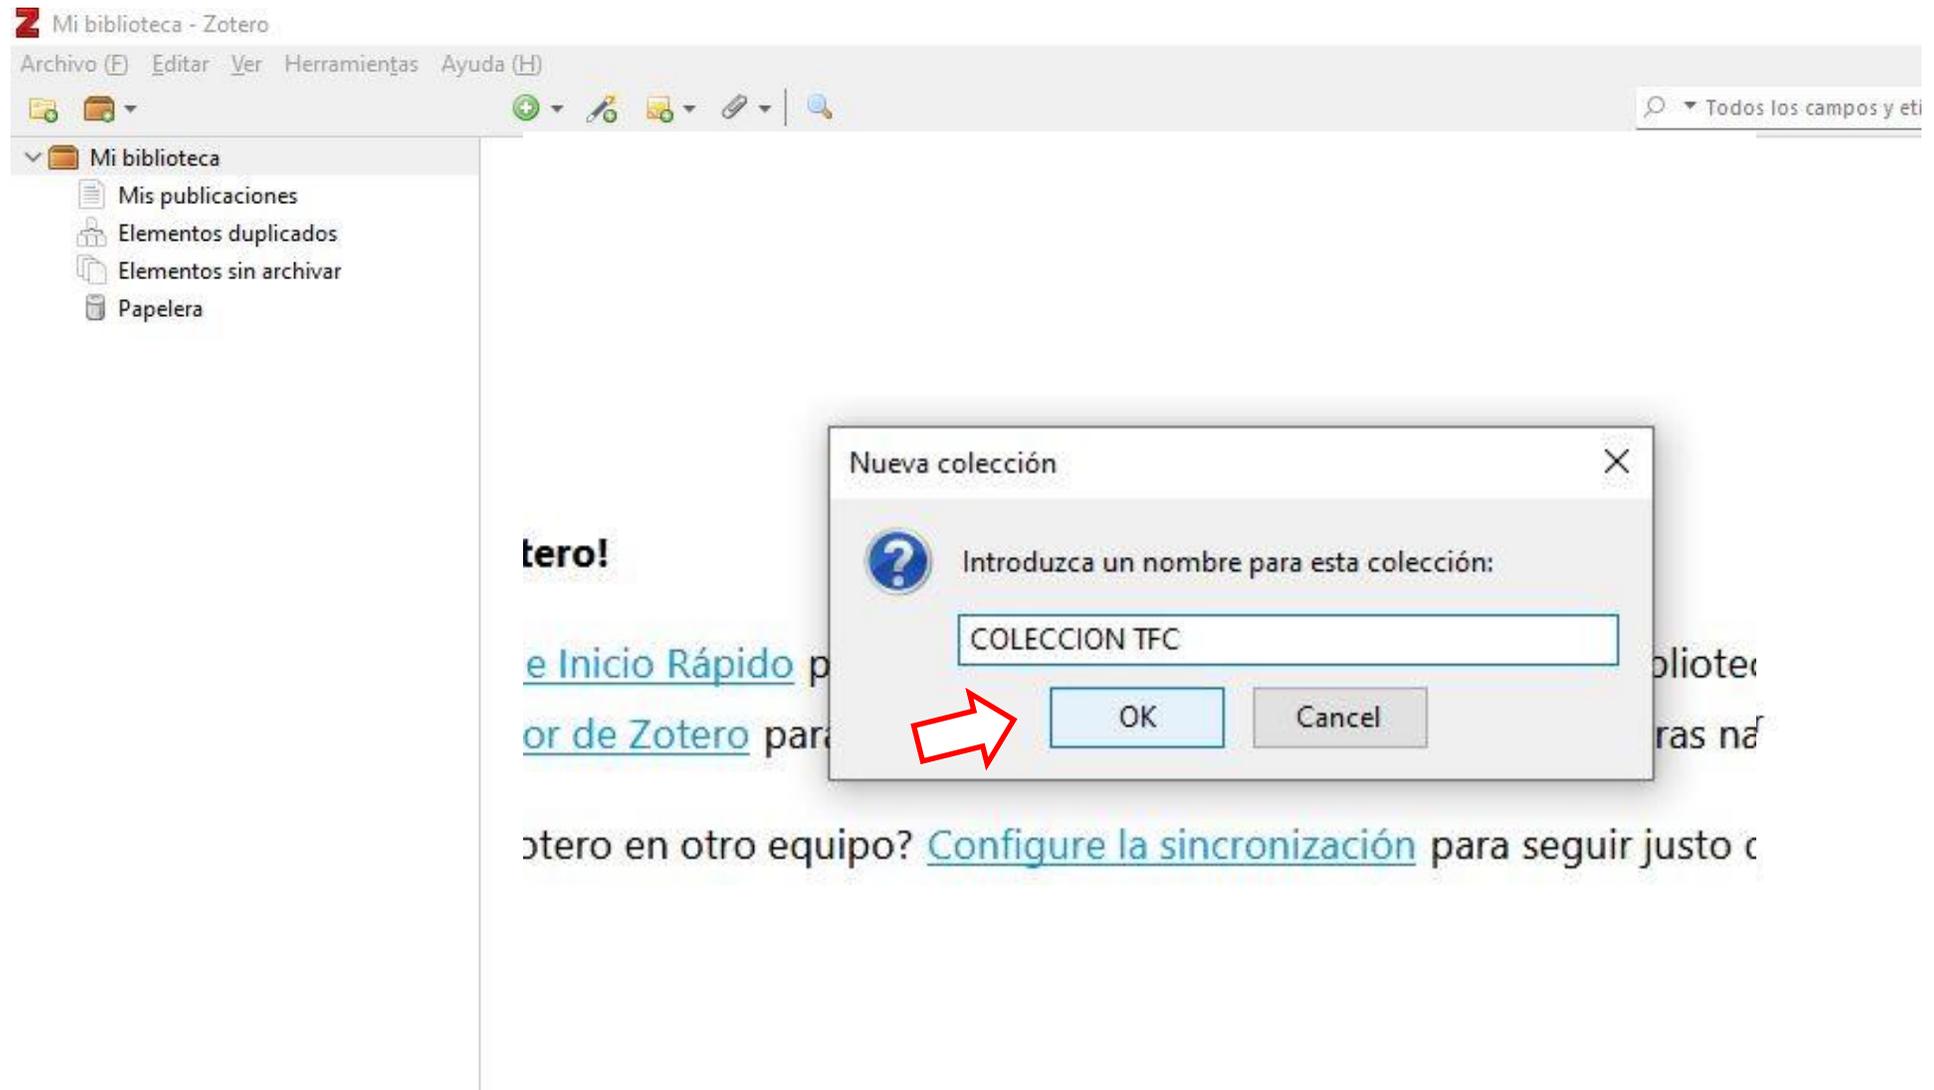

Ahora luego de configurar la sincronización, puedo ver que la versión Web de Zotero Contiene la misma carpeta que cree en el Zotero versión de escritorio.

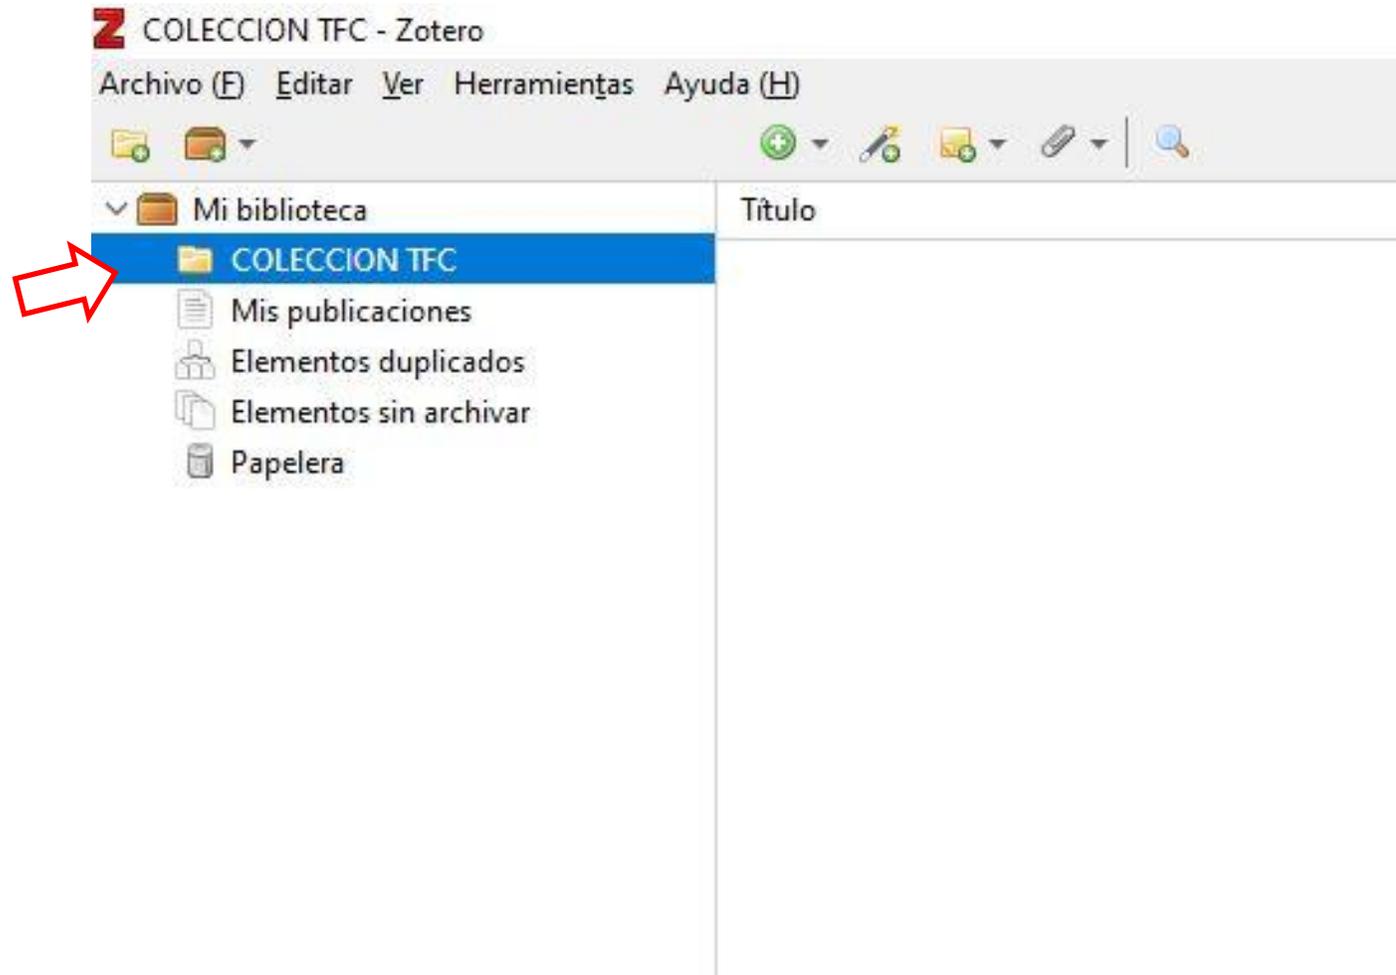

**Para crear colección:
Hacer clic derecho encima de la carpeta “Mi biblioteca” y
luego elegir Nueva colección.**

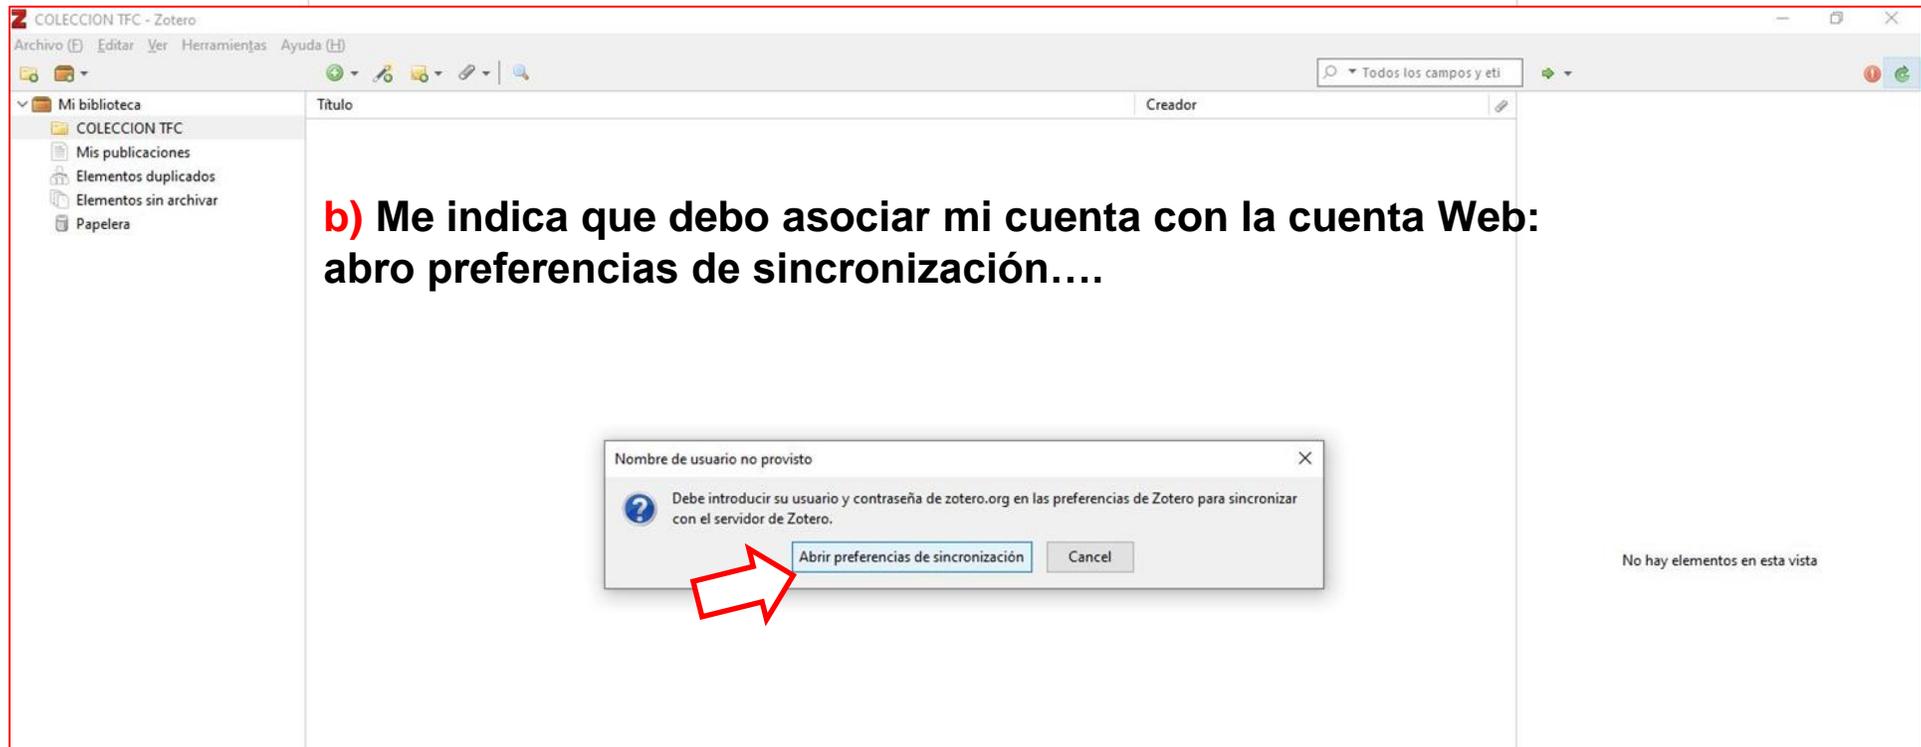

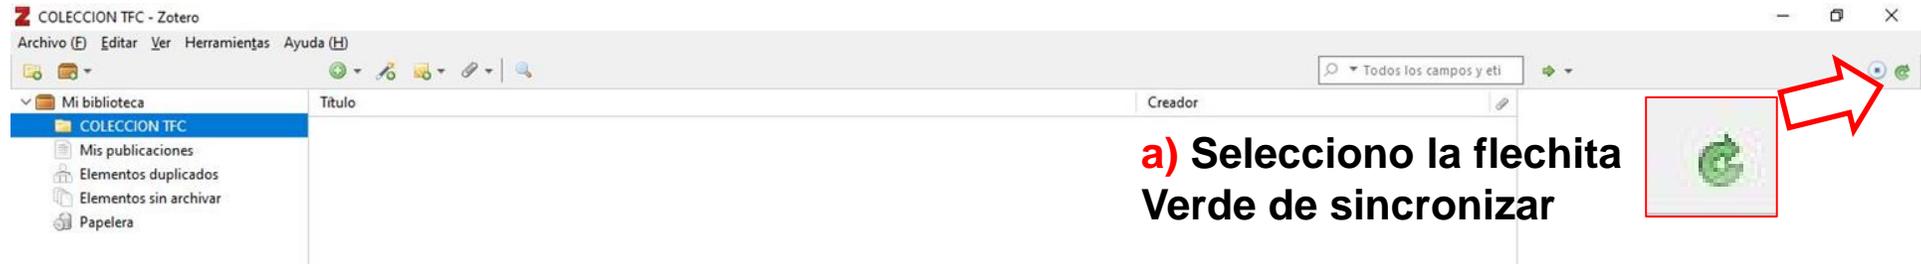

Nombrar la nueva colección.

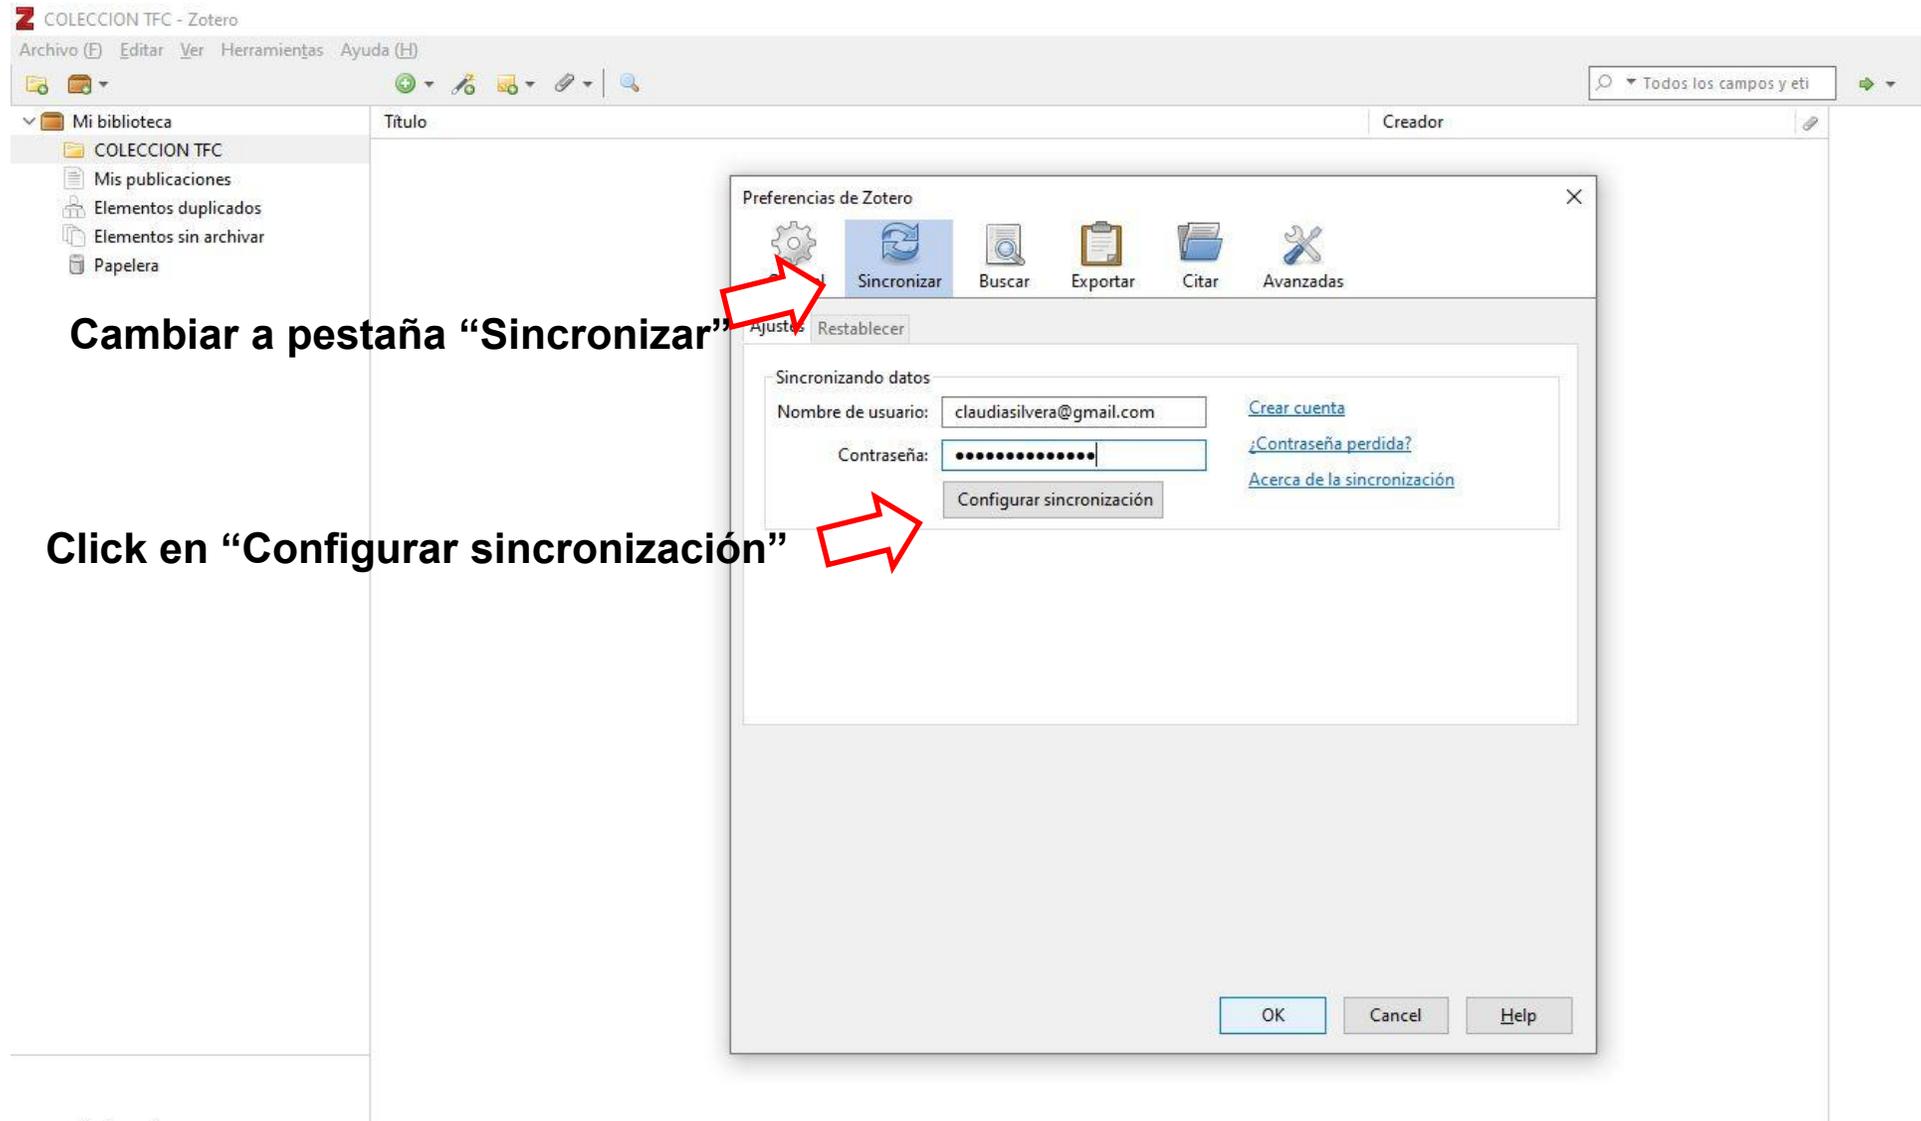

Una vez creada mi carpeta, puedo importar listas de formato legible por Zotero que pueden venir de Bases de datos bibliográficas

Sincronizar contenido que está en la Web Actualizar el contenido creado hacia la versión Web y viceversa

Finalizar

**Para ingresar contenido a mi carpeta, puedo hacer
Búsqueda en Pubmed y pedir formato de salida para gestor de referencias:**

The image shows a screenshot of the PubMed.gov website. At the top, the NIH logo and 'National Library of Medicine' are visible. A search bar contains the text 'dental caries'. Below the search bar, there are buttons for 'Save', 'Email', and 'Send to'. The 'Send to' button is highlighted with a red arrow, and a dropdown menu is open, showing options: 'Clipboard', 'My Bibliography', 'Collections', and 'Citation manager'. The 'Citation manager' option is also highlighted with a red arrow. Below the search results, a file save dialog is open, showing the file name 'pubmed-dentalcari-set' and the type 'Archivo NBIB'. The 'Guardar' (Save) button is highlighted with a red arrow. The background shows search results for 'dental caries' with 123 results, sorted by 'Best match', and a bar chart for 'RESULTS BY YEAR'.

Cómo importar bibliografía en una página web o en Internet:

The screenshot shows a Google Scholar search page with the query 'TRATAMIENTO DEL CONDUCTO RADICULAR UNA SESION'. The search results list several articles. A Zotero Item Selector dialog box is open, displaying a list of items with checkboxes. A red arrow points to a folder icon in the browser's toolbar, and another red arrow points to the 'OK' button in the Zotero dialog.

Zotero Item Selector

Select which items you'd like to add to your library:

- [PDF][PDF] Eficacia de la técnica paso-atrás en tratamientos de endodoncia en una sesión
- Número de sesiones para realizar tratamiento de conductos en piezas permanentes
- Ventajas y desventajas del tratamiento de conducto en una sesión
- [PDF][PDF] Dolor postratamiento endodóntico en una sesión
- [HTML][HTML] Eficacia de la técnica paso-atrás en tratamientos de endodoncia en una sesión
- [HTML][HTML] " Tratamiento Endodóntico en Una Sesión
- ENDODONCIA EN UNA O VARIAS SESIONES
- [HTML][HTML] Tratamiento endodóntico radical en pulpa no vital en una sola visita
- Terapia endodóntica en una sesión versus dos sesiones
- [HTML][HTML] Tratamiento endodóntico de un diente fusionado, en una sola sesión

Selecciona los campos a conservar de otras versiones del elemento:

Confidence Intervals (CI) for each oral clinical condition. RESULTS: From a total of 872 identified studies, ten observational cross-sectional and one longitudinal study were included. Nine studies were judged of medium or high risk of bias. Meta-analyses showed that adults and elderly people with higher SOC were less likely to present dental caries (OR 0.84; 95%CI = 0.73-0.96), periodontal disease (OR 0.58; 95%CI = 0.30-0.85), gingivitis (OR 0.54; 95%CI = 0.18-0.90) or dental biofilm (OR 0.65; 95%CI = 0.43-0.86). CONCLUSIONS: Current evidence suggests that better SOC is positively related to better oral clinical status in adults and elderly people. Longitudinal and intervention studies are needed to confirm these findings.

Colocar la bibliografía completa con “Add/Edit Bibliography”

The screenshot displays a software interface with a menu bar at the top containing options: ARCHIVO, INICIO, INSERTAR, DISEÑO, DISEÑO DE PÁGINA, REFERENCIAS, CORRESPONDENCIA, REVISAR, VISTA, and ZOTERO. Below the menu bar is a toolbar with icons for 'Add/Edit Citation', 'Add Note', 'Add/Edit Bibliography', 'Document Preferences', 'Refresh', and 'Unlink Citations'. The 'Add/Edit Bibliography' menu is open, showing the text 'Insert a new bibliography, or edit the existing bibliography, at the current cursor position' and a 'Zotero' icon with the text 'Más información'.

The main content area is titled 'Bibliografía' and contains a list of four references:
